*Oversized Panels requiring special crating may be subject to additional fees. Contact your Sales Mgr.

We STRONGLY recommend the use of a return flange on all oversize panels (additional cost). No warranty or credit for oversize panels that warp or twist.

Cancellation Policy: Cancellations made after 48 hours of submitting the order will be subject to a \$100 cancellation fee. This cancellation policy is in effect to cover the engineering and programming time it takes for each custom panel. Custom panels that have already been cut may not be canceled.

All custom panel orders must include a valid P.O. number and will be made to the specifications on this sheet. Travis Industries assumes no liability for any incorrect information provided on the order form. **Allow for a 4-5 week lead-time. All custom panels that ship from outlying warehouses will have longer lead times.** If you have questions please contact your sales department at 585-492-2780.
