☐ I understand the Terms and Conditions of this burn program. Credits will be applied to future purchases. My account will be kept current while credits are processed. Credits will be issued once received from the manufacturers.

Signature

Broil King®

The King of Flavour

Power, performance and great barbecue flavour is what sets Broil King apart.

Flav-R-Cast Cooking Grids

Heavy cast or stainless grids evenly distribute conductive heat for the perfect steakhouse sear. The deep inverted "V design" vaporizes juices right at the grilling surface for great flavour in either position.

Flav-R-Waves

Made from durable stainless steel, the Flav-R-Waves™ protect the burners and evenly distribute infra-red and convective heat to vaporize juices and maximize flavour.

Dual-Tube Burners

Patented Tube in Tube design ensures a balanced flame from front to back, while two rows of flame per burner provide exceptionally even heat distribution from side to side, resulting in unmatched performance.

Thermo-Flow Cook Box

The intake air is precisely calibrated to optimize combustion and minimize airflow, resulting in even heating and fuel-efficient grilling whether the lid is up or down.
