EZ FINISH

Outdoor Systems

EZ Finish Outdoor Systems is the perfect solution for designing and framing your outdoor kitchen, fire pit or fireplace structure. Select your own appliances and EZ Finish will design a custom structure that is ready to finish with your favorite veneer and countertop material.

STONE AGE MASONRY KITCHENS

Panels & Brackets for Outdoor Kitchen Bases

All units are 33" deep. Masonry Cabinets weigh approx. 70 lbs per linear foot.

Build the base of any masonry kitchen in 1-2 hours using Stone Age panels and brackets. Veneer the same day.

Solid concrete panels, galvanized steel brackets.

Include Stone Age Pizza Oven or Fireplace Kits if desired.

2', 3', and 4' panels can be ordered with cut-outs for grills, appliances and storage reinforced with rebar, or can be cut on site and reconfigured seamlessly.

Free kitchen design help available.

2' panels can include:

- Ice Maker
- Side Burner
- Towel Holder

3' panels can include:

- 26" Grill
- Refrigerator
- Trash
- 15" Sink
- Drawer Units

4' panels can include:

- 32" Grill & Larger (up to 42")
- Warming Drawer
- 32" or 38" Beverage Center
- Drawer Door Combos
- Dry Pantries
- Double Access Doors

EZ FINISH OUTDOOR SYSTEMS

READY-TO-FINISH KITCHENS

EZ Finish Outdoor Systems is the perfect solution for designing and framing your outdoor kitchen, firepit or fireplace structure. Select your own appliances and EZ Finish will design a custom structure that is ready to finish with your favorite veneer and countertop material.

Save time and save money, let the team at EZ finish handle the design, framing and sheathing process. All Aluminum tubing is fully welded providing a strong, square and corrosion resistant structure. Each structure is sheathed in Hardie Backer, using epoxy and mechanical fasteners for a solid base to adhere your veneer material. Provide a sketch and let EZ Finish do the rest!

4 Easy Steps to a EZ Finish Outdoor Kitchen

Send EZ Finish a sketch of your dream outdoor structure.

EZ Finish will provide a complete computer rendering of your project, including dimensions.

With your seal of approval, EZ Finsih will construct your order.

Completed structures will be shipped to your location.
