Non-Combustible Mantels

These custom concrete mantels are replicas of actual pieces of wood made of non-combustible GFRC concrete. This allows you to mount them closer to your heat source for meeting all of your clearance requirements. The finish is hand applied making each piece one of a kind.

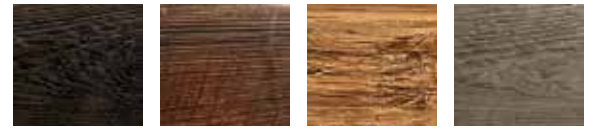

- Easiest in the market to install.
- Individually hand stained.
- Replicas of actual pieces of wood.
- All mantels come in 60" and 72"
- Custom lengths available
- Proudly made in Minnesota
- Noncombustible concrete
- ASTM E136 tested

Easy Wall Mounting.

Mantels include a predrilled metal wall hanging bracket. The mantel has a hollow cavity that allows you to slide over the bracket for easy installation.
